LEGISLATIVE COUNCIL.

WEDNESDAY'S PROCEEDINGS.

The Council met at 3 p.m. Members present:—The hon. the Presiding Officer, and the hons. Crease, Hamley, Smith, Barnard, Robson, Ker, Elwyn, McDonald, Helmcken, DeCosmos, Stamp, Pemberton, Cox, Ball, O'Reilly and Trutch.

Several notices of Motion were given.

ORDERS OF THE DAY.

The hon. Mr. DeCosmos enquired of the hon. the Collector of Customs whether the Revenue Laws of the Colony provide for granting drawbacks on merchandise exported, on which duties have been paid? If not, whether it is the intention of the Government to introduce a measure to grant drawbacks on such exported merchandise?

The hon. gentleman spoke at some length, explaining wherein the bonding system did not meet the wants of his section of the Colony, as original packages could not be broken in bond, and it was often necessary in the foreign trade of Victoria to break bulk.

The hon. Mr. Hamley replied that no provision existed for that purpose, nor did he see the necessity of it, the present liberal bonding system, in his opinion, fully meeting the wants of trade. He said that the hon. Mr. DeCosmos was mistaken in stating that the bonding system did not allow the breaking of original packages. It was done now, even to the matter of a thousand cigars, and it appeared to him that it was really more to the advantage of the merchant exporting his goods to leave them in bond and avoid the necessity of lying out of the duty.

The hon. Dr. Helmcken alluded to a point which had been overlooked, viz., the arrangement by which a party exporting goods in bond was compelled to produce Certificate of Landing from the Customs authorities of the country to which such goods had been taken,—a provision most inconvenient and calculated, in his opinion materially to cripple trade.

The hon. Mr. Hamley said that it was necessary to have some safeguard against goods taken out of bond professedly for export to a foreign country, being relanded in the Colony, and thereby evading duty; and if the hon. member could suggest a mode that would be equally effective and less vexatious he would be glad to adopt it; but he was unable to see wherein the present arrangement could prove injurious to legitimate trade.

Hon. Mr. McDonald drew attention to a very great hardship existing under the present arrangement. Flour was subject to the very high duty of $1 50 pr bbl., and the consequence was that the Victoria bakers found that they could not compete with the foreign manufacturer in the supply of the Navy, &c. He thought some relief ought to be extended to the trade. Here the matter dropped.

The hon. Mr. DeCosmos enquired of the hon. the Chief Commissioner of Lands and Works Whether it is the intention of the Government to submit a Return showing the state of Agriculture in the Colony?

The hon. Mr. Trutch replied that the matter really had no connection with his Department. He said, however, that he believed circulars had been sent out to the Magistrates, requesting such returns, but intimated doubt as to their being received in time to be available for the present Session.

The hon. Mr. Crease moved the second reading of the Weights and Measures Bill. He explained that the chief provisions of the measure did not differ essentially from the Bill of last Session, fresh legislation being chiefly rendered necessary by the transference of the matter to the Board of Trade in England, by the Imperial Government.

The Bill was read a second time and committed. After disposing of a number of clauses, the Committee rose, reported progress, and asked leave to sit again. House resumed and leave granted.

The hon. Mr. Crease moved the second reading of the Naval and Victualling stores Bill. He stated that this was a Bill for the better protection of the property of the Navy, and for the more summary punishment of persons becoming unlawfully possessed of the same. The Bill had been sent out by the Imperial Government for adoption in the Colony. Bill read a second time and committed. Committee, having gone through part of Bill, rose, reported progress, and asked leave to sit again. House resumed and leave granted.

House adjourned till 3 o'clock on Thursday.

THE SUPREME COURT ORDINANCE, 1868.

Such is the short title of a Bill prepared in England and now passing through the various stages in the local Legislature. The object of the Bill is to define "who's who and what's what" in respect of the Courts of Supreme Judicature, and for which no provision was made in the Act of Union. Instead of fusing the two Courts into one, as was natural to expect, it provides for the maintenance of the two Supreme Courts which, to use the language of His Excellency, the morning of the 19th, 1866, found in full power. The Courts respectively are to be called and known by the name and style of the "Supreme Court of Vancouver Island" and the "Supreme Court of the Mainland of British Columbia", each Judge taking the rank of Chief Justice within his own jurisdiction, and each to take precedence of the other therein. It is some consolation, however, to know that this complicated, expensive and inconvenient condition of things is only to continue during the incumbency of the present Judges, and that upon the death, resignation or removal of one of them, these Courts are to be merged into one Supreme Court, to be called the "Supreme Court of British Columbia," and to be presided over by the remaining Chief Justice, who shall enjoy the title of the "Chief Justice of British Columbia." It also provides that in such event a Puisne Judge shall be appointed, with a salary of £1000. The Bill also settles all doubts regarding past administration.

THE LIMITATION OF ACTIONS ORDINANCE, 1868.—This Bill differs from the one passed last Session in that it does not establish any absolute limit as for this Colony, but simply provides that, "In case any suit or action shall be instituted in this Colony against any person here resident, in respect of a cause of action or suit which has arisen between such person and some other person in a foreign country, wherein the person so sued shall have been resident at the time when such cause of action or suit shall have first arisen, such suit or action shall not be maintained in any Court of Civil Jurisdiction in this Colony, if the remedy thereon in such foreign country is barred by any Statute or Enactment for the limitation of Actions existing in such Foreign Country."

If you wish the very best CABINET PHOTOGRAPHS, you must call on BRADLEY & RULOFSON, 429 Montgomery street, San Francisco.

S.T-1860-X.

A great French Physician says: "More than half the disease in the world comes from neglect to fortify the system against changes of climate, weather and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the Body, and breed disease." Now, it is a fact, positive and well known, that there is no such bulwark and assistant for the Stomach as

PLANTATION BITTERS.

This splendid Tonic is now used by all classes of people for every symptom of a "Stomach out of order." The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach, set all its machinery at work, and enable it to resist and throw off the approaching danger. The tendency of the operations of Nature is always towards a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle yet powerful Tonic, than to deluge and weaken and derange her curative processes with poisonous drugs and dirty mixtures which only simplify and plant the seeds of disease and death.

Important Certificates.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life. Rev. W. H. Waggoner, Madrid, N. Y."

"* * * Then wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, Asa Cushs, Phil., Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me. Rev. J. S. Cathorn, Rochester, N. Y."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. D. Andrews, Superintendent Soldiers' Home, Cincinnati, O."

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted Nature's great restorer.

The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from.

Every bottle bears the fac-simile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell PLANTATION BITTERS *in bulk or by the gallon, is a swindler and imposter. Beware of refilled bottles. See that our Private Stamp is* UNMUTILATED *over every cork.*

Sold by all Druggists, Grocers and Dealers throughout the world.

P. H. Drake & Co., NEW YORK, SOLE PROPRIETORS. Redington & Co., 416 and 418 Front St. San Francisco, Agents for California and Nevada.

FLEAS.

LYON'S MAGNETIC INSECT POWDER is sure and certain death to everything of the Insect species—Fleas, Bedbugs, Mosquitos, Ants, Bugs.

IT KILLS INSTANTLY.

What is peculiarly surprising in regard to this article is, that not withstanding its instant death to insects, it is perfectly harmless to mankind and domestic animals. It can be inhaled or eaten with impunity. It bears the testimony of eminent disinterested chemists that it is

FREE FROM POISON.

No article has ever given such positive satisfaction in its use.

Its reputation is well known. It is easily and readily used—Directions accompany each flask. Beware of counterfeits.

The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

Sold by all druggists and dealers on Pacific Coast.

MEXICAN MUSTANG LINIMENT.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.

No compound has ever been invented so useful and efficacious in curing

RHEUMATISM, STIFF & WEAK JOINTS, BRUISES, SPRAINS, SORE THROAT, BURNS, EAR ACHE, FRESH CUTS OR WOUNDS, SWELLINGS,

Or any other complaints requiring external application.

FOR HORSES,

It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-bone, Wind-galls, Bruises, Strains, &c.

It should be Kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.

All genuine is wrapped in steel plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the PRIVATE U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY!

Sold by all Druggists and Stores in every town and mining camp on the Pacific coast.

This paper may be read gratuitously in London at the General Establishment of "HOLLOWAY'S PILLS AND OINTMENT," 244, Strand, where advertisements and subscriptions for the same are received.

The British Columbian.

SATURDAY, MARCH 28, 1868.

LEGISLATIVE COUNCIL.

THURSDAY'S SITTING.

The House met at 3 o'clock, the same Members as on the previous day, with the exception of hon. Mr. Stamp, being present.

Hon. Mr. Robson gave notice of Motion.

ORDERS OF THE DAY.

The hon. Mr. DeCosmos moved, seconded by the hon. Mr. Robson, That His Excellency the Governor be respectfully requested to lay before the Council a Return showing the estimated population of the Colony, distinguishing between Whites, Chinese and Indians; and setting forth the estimated population in each district represented in Council, distinguishing between Whites, Chinese and Indians. Carried.

The hon. Mr. Robson moved, seconded by the hon. Mr. Cox, That an humble Address be presented to His Excellency the Governor, enquiring what steps, if any, have been taken towards complying with a Resolution of this Council passed last Session, respecting the Indian Reserves on the Lower Fraser.

The hon. the Chief Commissioner of Lands and Works said that he was prepared, on behalf of the Government, to give the House the information called for. As soon as he obtained the Governor's permission, he, in company with the hon. Mr. Ball, visited the Indian Reserves. He found the Indians perfectly willing to surrender whatever land the Governor thought they should not have; but they were unwilling to give up any portion on which their potatoe patches were situated. He found the Indians, indeed, anxious that their Reserves should be adjusted and the boundaries properly marked, so that they might know what belonged to them, and be more secure from the intrusion of the white settlers. He admitted that the Reserves, as laid out by the late Sergeant McCall, without proper instructions, were altogether too large, and expressed his belief that the necessary reduction could be effected without injury to settlers.

The hon. Mr. Robson said the information supplied by the hon. the Chief Commissioner was, in a sense, satisfactory, as far as it went. The House would be glad to learn that so reasonable and submissive a spirit pervaded the native mind in this matter, and he was glad to hear from so high a source that the Indians, equally with the whites, desired the Resolution of last Session should be immediately carried into effect. In moving that Resolution, a year ago, he had endeavored to impress upon hon. Members that the grievance sought to be dealt with was felt by the Indians equally with the settlers, and he was glad to have his statement in that respect confirmed by the hon. the Chief Commissioner. It was also gratifying to hear that there was a probability of the necessary reduction being made with a proper regard to the rights and interests of the settlers. But it could scarcely be satisfactory to the House to learn that nothing beyond paying a sort of flying visit had been done towards complying with so important a Resolution, passed twelve months ago. In moving that Resolution he had impressed upon the Government, not only the importance, but the urgency of the question, seriously interfering, as it did, with the advance of improvement, and imperilling the good understanding existing between the two classes; and he had entertained the hope that, in the absence of any public works, with nothing else, in fact, to attend to, the hon. the Chief Commissioner would have complied with the requirements of the Resolution, and it was not very creditable to the Government that no really practical result had been attained towards ameliorating the evil.

The hon. Mr. Helmcken thought that the Resolution before the House would be unnecessary now.

Hon. Mr. Robson differed. He had taken the course of moving an Address because it had been intimated that there was an official report upon the subject, and it was but right that such report should be placed before the House. Besides, in so important a matter as dealing with Indian Reserves, the House was surely entitled to something more than the mere verbal explanation which had fallen from the hon. the Chief Commissioner. It was important to know, for instance, what were the views of Government with respect to the quantity of land which should be allowed for each Indian.

The hon. the Chief Commissioner said that upon that point he might mention that about ten acres to each family was considered a fair amount; but that the quantity must necessarily be to some extent regulated by local conditions, such, for instance, as waste land, natural boundaries, and improved patches.

After some further remarks the resolution was carried.

The hon. Mr. McDonald moved that an address be presented to His Excellency, praying that the balance of six thousand dollars appropriated for school purposes in Vancouver Island be placed at the disposal of the Board of Education forthwith. The hon. gentleman spoke somewhat warmly in support of the resolution. He said only $3000 of the $6000 promised to Vancouver Island schools had been paid; and it was a shame and a disgrace to the Government that schools had to receive aid from play-actors!

The hon. Mr. Young explained that the money was promised, was due, and would be paid as soon as the financial circumstances of the Colony would admit, which he thought would be very shortly now.

The resolution, being seconded by the hon. Mr. Helmcken, was put and carried.

The hon. Mr. Macdonald moved That an address be presented to His Excellency, praying that Returns be furnished this House showing the amount of money disbursed for school purposes on the mainland, for the year 1867; also the arrears of salary, if any, due to the teachers up to the 31st of December, 1867. Carried.

The Orders of the Day being disposed of, the hon. Mr. Macdonald taunted Government with delaying the business of the Session. Members had been summoned for important business, and that business was withheld.

The hon. Mr. Crease replied that it ill became Victoria members to make such a complaint. Nearly all of them were absent during the first days of the Session, and several measures were put back expressly on their account. He thought such remarks came with a very bad grace from the hon. Member.

The hon. Mr. DeCosmos and the hon. Mr. Henrleken both testified to the courtesy of the hon. Attorney-General in accommodating Victoria members. Here the matter dropped, and the House adjourned till 3 p.m. on Friday.

FRIDAY'S SITTING.

The House met at 3 o'clock.

The Hon. Dr. Helmcken introduced a petition from the Legal Profession of Victoria, opposing the Supreme Courts Bill in its present form, and asking for a fusion of the two Courts and the establishment of a Court of Appeal. Also a petition from Merchants and others, to the same effect.

Also a petition from farmers, gardeners, &c., on Vancouver Island, asking for an increase of import duty upon fruit.

The hon. Mr. Barnard introduced a petition from settlers in the Bonaparte District, praying that the Indian Reserves on the Bonaparte River may be curtailed and surveyed.

All these petitions were laid on the Table.

NOTICE OF MOTION.

The hon. Mr. DeCosmos gave notice that he will move an Address to His Excellency the Governor, asking that copies of correspondence on the question of Confederation may be laid before the House.

ORDERS OF THE DAY.

The hon. Mr. DeCosmos moved That His Excellency the Governor be respectfully requested to lay before the Council a Return showing the number of pre-emptions upon the Crown Lands in 1867; and also the number of acres pre-empted, sold and leased; and also the total revenue derived in 1867 from the pre-emption, sales and leases of Crown Lands made in that year; and also enumerating the different sections of the Colony in which Crown Lands have been pre-empted, sold, or leased in 1867.—Carried.

The hon. Mr. DeCosmos asked to have his Resolution for making two thirds of the Council elective, laid over till Wednesday.—Granted.

The hon. Mr. Robson moved, seconded by the hon. Mr DeCosmos, That an humble address to His Excellency the Governor, enquiring whether any Official Report has been prepared upon the probable route through British Columbia of the proposed Overland Road to Canada? and requesting that copies of such Report (if any), together with any other official information bearing upon the same subject may be laid before this Council.—Carried.

The hon. Mr. Crease moved the second reading of the Supreme Courts Bill.

The hons. Helmcken, Walkem, DeCosmos, Wood and others opposed, and the hon. Attorney-General finally consented to postpone the consideration of the Bill till Thursday.—Agreed to and. House adjourned till Monday at 3 o'clock.

RETURN OF THE ONWARD.—Capt. Irving's steamer Onward returned yesterday, having made the first trip of the season through to Yale. She brought down a number of passengers, amongst whom were Mrs. U. Nelson, Dr. Foster of Lillooet, and Messrs. Ormandy and Murray in charge of Barnard's treasure express, with $103,000 in gold dust. The str. brought 11 head of fat cattle from Sumass, for Mr. Dickinson. Capt. Irving reports the water very low, too much so to enable him to carry much freight.

JOHN S. CLUTE,
Columbia Street.

All outstanding Accounts must be settled without delay, and no further notice will be given.

CARD OF THANKS.

I TAKE this means of expressing, on behalf of the Managers of the WESLEYAN MISSIONARY SOCIETY, most hearty thanks to those who so liberally responded to the appeal for aid at our Annual Meeting, the other evening. I may add that in the absence of regularly appointed Collectors, the list is placed in the hands of Mr. Clarkson, at the Colonial Bookstore, who will gladly receive what has been promised, and any additional sums which others may be willing to give to the funds of this noble institution. I shall have to close the Ecclesiastical Year and forward the list to the General Secretary early next month.

AYER'S

MEDICINES.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by DR. J. C. AYER & CO.,
Practical and Analytical Chemists,
Lowell, Mass.

The British Columbian.

SATURDAY, MARCH 28, 1868.

TELEGRAPHIC SUMMARY.

EUROPE.

The European news is to the 22d, but is unimportant. Nothing definite from Abyssinia. Gen. Napier's forces were twenty miles south of Antala, and had a satisfactory interview with the Chief of the Nigre tribe. That stone announced in the House of Commons that he would, on the 23d, move that the House go into a Committee of the Whole on the Irish Church Establishment. On the 20th, Lord Stanley, in reply to remarks made by Mr. Forrester and by Sir Robert Collier, admitted that the dogma of natural allegiance was now obsolete. He informed the House that the Government had already made advances for the settlement of the question at issue, and declared that they were willing to meet the Government of the United States half way. There were many difficulties in the way of adjustment, but he was happy to say they were not regarded as insuperable. He stated that the Foreign Office was now in communication with Mr. Seward on the subject and concluded by approving the proposition of the member from Bradford. Sir Roundell Palmer hoped that expatriated subjects from Great Britain would not be suffered to make war on their present country. Captain Mackay has been sentenced to imprisonment with hard labor for 12 years.

EASTERN STATES.

The news is to the 23d inst. On the reassembling of the Court of Impeachment on the 23d, Judge Curtis read the answer to the first Article. In response the President quotes the original fact establishing the office of Secretary of War and says, Stanton was appointed by President Lincoln and not by him. After becoming President, and becoming satisfied that said Stanton was doing the public service much injury, he removed him under the Constitution. He denies that Stanton, when he removed him, was in legal possession of the War Office. He denies that he ever contemplated any action contrary to the laws. He denies that his action in removing Stanton constituted a high crime and misdemeanor in office. He denies, in fact, every allegation in the articles of impeachment; denies appointing Gen. Thomas to the War Office, simply authorizing him to act *ad interim*; denies conspiring to prevent Stanton from holding office or authorizing any force to be used; denies hindering execution of tenure of office act, and also the sufficiency of articles 4 and 7; denies endeavoring to bring Congress into contempt, and asserts he always acknowledged authority and legality of Congress; claims all his speeches were delivered in the exercise of his right as an American citizen, for which he cannot be questioned. The President's counsel asked for thirty days to prepare for the trial. Not decided when the Court adjourned. A most terrific storm prevailed at New York and Philadelphia on the 20th, doing considerable damage, drifting the snow to a depth of 15 feet and blocking up railroads.

JAPAN.

The war in Japan has resulted in the defeat of the Tycoon, who fled to Yeddo. The rebellion was said to be effectually suppressed, and the country restored to quiet.

THE INTESTATE ESTATE ORDINANCE, 1868.—The only material difference between this Bill and its namesake of last Session would appear to be that it provides for a more summary disposal of the property of persons dying intestate; and also for the Court being satisfied with less than strictly legal evidence of death and intestacy in small cases in remote Districts.

FROM VICTORIA.—Capt. Stamp's steamer Isabel arrived at Brighton, from Victoria, on Thursday. Several passengers came up by her and came over in Lewis' stage.

INDISPOSED.—Our readers will regret to learn that His Excellency the Governor has been very unwell during the week.

FROM VICTORIA.—The str. Enterprise, Capt. Swanson, arrived from Victoria shortly after noon yesterday. The Hon. Mr. Walkem, the Hon. Mr. Wood, and J. A. R. Homer, Esq. were amongst the passengers. The wrecks of the two ships which came to grief on Discovery Island last week were sold by auction on Thursday. The Fanny brought $1100, and the Rosalie $130. There are no less than three Indians lying under sentence of death at Victoria. The following telegram had been received from Otta wa:—

OTTAWA, Ontario, March 25, 1868.

The Canadian Government desires Union with British Columbia, and has opened communication with the Imperial Government on the subject of the Resolutions, and suggests immediate action by your Legislature and the passage of an Addres to Her Majesty requesting union with Canada. Keep us informed of progress.

S. L. TILLEY.

To HENRY E. SEELYE.

FROM LILLOOET.—We have advices from Lillooet to March 9th. The news is unimportant. Ploughing, in some sections had commenced as early as 28th Feb., and was being very generally commenced at the date of our advices. The spring was at least three weeks earlier than last year. There was still considerable ice on the river, and little mining was being done.

ANOTHER MILL.—We mentioned some time ago that Mr. Johnson had gone to San Francisco to procure the plant for a grist mill for the Bonaparte district. We learn that the plant has reached Victoria.

THE STEAMER LILLOOET is to sail from Victoria for this place at 10 a.m. to-day, to take her place on the river for the season.

ANOTHER LETTER FROM "FARMER."

To the Editor of the British Columbian.

SIR,—It has been said that Lord John Russell grounds his objections to religious teachers being dependent on voluntary support, partly on the idea—so he says—that they who must please to live, will live to please. However unlikely it may be for such a view to be influenced by so sordid a motive, there are others—not a whit less pernicious than a hireling priesthood—who (with honorable exceptions) are governed by no other; viz. place-hunting politicians, and petty journalists of petty towns. The popular passion of the hour, right or wrong, is their text, if likely to pay, if not, what will pay must be shown to be popular. Inconvenient truths must be ignored, garbled, pooh-poohed or, if easier, ridiculed. According to the *Colonist* (I don't profess to quote *verbatim et literatim*, but honestly) "Victoria is greatly injured by the abolition of the free port," which she clamored for, "by the Union with B. C," which was solicited on any terms, "by the exit of our miners," though the news is told that for every dollar of gold sent out of the country, a dollar's worth remains in it in coin, notes, or goods—consequently the departing miners, whom he would move heaven and earth to retain, go away penniless. The Capital question is a popular grievance, tho' that concerns no one but the holders of town lots. "The bankrupt Government of British Columbia subsidised a steamer," but what terms were first offered to the bankrupt Island Government, and what *it* did are to be kept out of sight. "The central power is independent of popular control," though every man is a voter, while the people can afford to increase their weakness by electing men who have "axes to grind." Their leaders, too, have done their best to prove our unfitness for self-government, by incessant harping on petty local questions, instead of urging them to seek a redress of *real* grievances from the proper quarter. "Our grievances would have produced revolution in England," (!) which has just passed through the cotton famine; has even now 40,000 unemployed in East London alone, and, not many years since, lost $68,000 by a strike of the cotton operatives of one town, "Our deficit this year is to equal, or exceed that of last," tho' the notorious cause of the latter has, to a great extent, ceased to exist, and, "prospects never were better." Under the hoped-for reciprocity treaty the all but defunct shipbuilding interest of the States—now debarred from access to the Canadian lumberers—is to revive. The Secretary of the United States Treasury in his report (*see Harper's Mag. for Feb. 1867.*) says, "lumber can be sent from Virginia to the Provinces, thence to England, and there made into ships which can be sold at a profit, while the New England States can build the same class of vessels only at a loss." We are told that under confederation Canadian manufactures will enter our ports duty free, but *not* that the Canadian manufacturers' prices would nearly equal English prices *plus freight* and the *Canadian protective duty*, otherwise the imposition of a duty, either for protection or revenue, is a farce. The comparatively lower tariff of Canada is paraded before us, but it serves a certain purpose better, to compare 13 with 20 than to show that the Canadian farmer and dairyman are protected thereby 20 to 30 per cent. on butter and cheese, 15 on lard, and even on grain from 12½ to 23, if the prices in the Toronto *Globe* of Nov. 3d are about the average. I may be mistaken, but I believe that, on dry goods, that tariff is higher than ours. Then that infernal bugbear, war, is invoked, and the power of the athlete who is to defend us pourtrayed: As if it were *physically possible* for a nation of four millions, enjoying no special means of defence, to be a match for one of thirty millions, possessing every facility for successfully waging a contest. Our farmers, who fear reciprocity would greatly injure their interest, and so check settlement, are assured that they "fight shadows." Is California, with her four millions of acres under fence, her one and a half million under cultivation, her eleven and a half million bushels of wheat, her seventeen and a half million bushels of barley & oats, which she is sending thousands of miles, and successfully competing with the great grain producing Central States almost at their own doors; and with which she would ballast her coalships to us, a shadow? *Ipse dixit* is not argument, sonorous nonsense, and a face with a following of six negroes, kicked the wrong end of the broom. May I be so bold as to ask whence the little giant that is selling 65 and 70 millions worth of goods per annum gets the little balance? The people are unanimous in favor of Confederation, because Victoria and Cariboo have pronounced," but have the half of our traders any permanent interest in the country? or is one in twenty of our miners a citizen, or likely to become a citizen of the new Dominion? Is it unfair to suppose that the *odium*, as it is the manifest interest, of this overwhelming majority—bound to the country by the weakest of ties—will be to cheapen to the utmost the extraction and carrying off of our hoarded wealth, over roads to be paid for by posterity? If the benefits resulting from Confederation are to be so great and so universal, as well as so self-evident, what need for its advocates to have recourse to perversion of the sentiments of opponents, ridicule and bunkum in its behalf? Mr. DeCosmos found it more easy, perhaps, to call Victoria "Sir Oracle," than to prove either to his satisfaction or that of anyone else, that reciprocity will not injure the agricultural interests of this country, and, in trying to make it appear that Victoria is in love with solitudes, instead of being afraid—as he plainly asserts—that the policy advocated by DeCosmos and his compeers, will perpetuate, instead of peopling ours, his honesty is made less conspicuous than his gift of the gab. Confederation may bring us better and cheaper government, but we shall have to roll several men into one to secure either the impartial advocacy of our several competing interests, or much weight in the councils of the new Dominion. And there is plenty of room for doubting whether it is not Reciprocity, not Confederation, that is sought by our agitators. Like the squinting butcher, their blow won't fall on what it seems to be aimed at. Patriotism is a very convenient watchword, if likely to be also profitable to the shouters.

"There was turning of keys, and creaking of locks
As he drew forth a vault from the iron box."
A rectilinear tariff, an overland road;
With seats in the Senate and Commons; the load
Of our debts to be laid on the shoulders broad
Of the young giant "Dominion", (who, loving us well,
Will deem such a trifle a mere bagatelle.)
He will send a lieutenant—heaven taught—to direct us;
A regiment—all armed cap-a-pie—to protect us.

A FARMER.

P. S.—I had finished, and was about to post the foregoing, when my eye fell on an article on "Modern Inventions" in the Weekly Alta, Cal. from which I quote the following;—"It should not be a matter for surprise if the class represented by the last named individual—the one who believed nothing that the newspapers said—should be the most numerous among newspaper readers now-a-days, for there certainly never was a time when the grains of truth were so inextricably involved in a mass of chaff, of falsehood and conjecture by newspaper purveyors than now." * * * * * the most desperate journalists do not hesitate, when all other expedients fail, to invent news, fabricating intelligence when none comes to hand, with a reckless disregard for truth, and for the rights of those who may be wronged by the publication of their inventions, which is alarming as indicating a decadence of legitimate journalism, and aggravating, as illustrative of the unscrupulousness of selfish men."

LOCAL ASSESSMENTS.—Professor Hermann the Wizard, gave an entertainment here on Thursday night, and again last night. The band of H.M.S. Sparrowhawk added much to the amusement last night. We understand Mr. Hermann intends giving a few entertainments at the Inlet. He is certainly very amusing.

CROWDED OUT.—Our leading article has been laid over in order to make room for other matter.

GONE DOWN.—H.M.S. Sparrowhawk sails early this morning for Esquimalt.

FOR VICTORIA.—The str. Enterprise sails for Victoria at 10 this morning. The Victoria members go down by her.

FOR YALE.—The Onward, Capt. Irving, leaves for Yale this morning.

SOMETHING NEW.—The well known Publishing House of Harper & Bros. New York have commenced publishing a Weekly Paper of FASHIONS called *Harper's Bazaar*. It is the best thing in the Fashion line yet issued. Each number contains six pages of plates, besides a sheet of Patterns and ten pages of reading matter. The first four numbers can be seen at C. C. Clarkson & Co's. Bookstore, where subscriptions are solicited. Price per year $7,50, per half year, $4,00, to up country subscribers $8,50 per year and $4,50 per half year, postage paid.

ALL OVER

The world people of sense and judgment have learned to use

PLANTATION BITTERS.

Dyspepsia, with its symptoms, Headache, Restlessness, Feverish Lips, Bad Breath, Sallow Complexion, &c., can be cured by using PLANTATION BITTERS!

This is the most successful tonic of the age. Young, middle-aged and old, are delighted with its effects.

The first trial always has a marked good effect.

No change of diet is necessary. Eat all you wish, of the best and most nutritious food.

This the greatest cure ever known for an overlonded and distressed stomach, which it relieves in a few moments.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

PHYSICIANS ARE COMPELLED TO RECOMMEND IT.

CALISAYA BARK has been celebrated for over two hundred years, and was sold only by the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is recommended for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhœa, Colic, and diseases of the stomach and bowels.

PREPARATION.—For the relief and cure of the Lame and Impotent.

CHAMOMILE FLOWERS.—For unfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove-bud, bruise, caraway, coriander, snake-root, &c.

S.T-1860-X.

Another wonderful compliment of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

With this precious secret in the community, and evidences of it's meeting them on all sides, the success of Dr. DARNALL stands founded upon the rock of truth. Almost every family has some case of suffering which the PLANTATION BITTERS will alleviate and cure.

They are recommended by the highest medical authorities, and are guaranteed to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and imposter. Buy no gin by the cent keg or cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our United States stamp over the cork unmutilated, and our signature on steel plate side label.

Sold by regular dealers throughout the habitable globe.

P. H. Drake & Co., New York, Sole Proprietors.

Redington & Co., San Francisco. Agents for California and Nevada.

MEXICAN MUSTANG LINIMENT.

The merits of this Liniment are well known. Its effects are instantaneous, soothing, and wonderful.

Cuts, bruises, sprains and swellings, are so common, and certain to occur in every family, that a bottle of this Liniment is the most important that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

READ THE FOLLOWING.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches, or Galls on horses. Our men have used it for Rheumatism, Sores, Rheumatism, &c. and all say it is the best thing of the kind. J. W. HEWEY, Foreman for Amer's Mills, Fargo's Wells Fargo & Co's Express

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week after she commenced using your celebrated Mustang Liniment." ED. STAR.

Shrewsbury, Mass., Aug. 1, 1866.

Quick and sure it is—only 50 cents. Genuine is wrapped in steel plate engraving, bearing fac-simile signature of G. W. Westbrook, Chemist, and the Private U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap steel plate label. Look Closely!

Sold by all Druggists and Storekeepers. @@ 25 & 50 cts. and $1.

LYON'S FLEA POWDER.

It is well known that Lyon's genuine Magnetic Powder will perfectly destroy, or prevent in the shape of fleas, ticks, bedbugs, roaches, &c., that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals.

Bedbugs, roaches, fleas, etc., are in every house. This Powder is their natural death. It should be in every household.

JOHN S. ROHR, Superintendent of the New York City Hospital, says: * * * "It is the only SURE article we have ever used."

NEW YORK HOTEL PROPRIETORS say: "We have used

LYON'S MAGNETIC POWDER

for exterminating insects and vermin, with entire satisfaction.

COLEMAN & STETSON, Astor House.
S. T. GIZZENS, Anacostia Hotel.
ACKER & BRADWELL, St. Nicholas Hotel.
S. LELAND & CO., Metropolitan Hotel."

Testimony of this character might be added to any length. Wherever it is used it advertises itself.

The genuine has the signature of E. L. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have one other.

Sold by all druggists and general storekeepers in every town and village on the Pacific Coast.

IN BANKRUPTCY.

WHEREAS a petition for adjudication of Bankruptcy, bearing date the 21st day of March, 1868, hath been duly filed against Thomas Roper, of Four Mile Prairie, British Columbia, out of business, formerly carrying on business at the 108 Mile House, British Columbia aforesaid, in partnership with William Roper, under the name and style of W. and T. Roper as Publicans and Farmers, and he, having been declared a Bankrupt, is required to surrender himself to the Hon. Matthew Baillie Begbie, one of Her Majesty's Commissioners of the Court of Bankruptcy, on the 21st day of March instant, and the 28th day of April next, respectively, at five o'clock in the afternoon, at the Court House, New Westminster, and there make a full discovery and disclosure of his estate and effects when and where the creditors are to come prepared to prove their debts and at the first sitting to chose Assignees, and at the last sitting the Bankrupt is required to finish his examination.

All persons indebted to the said Bankrupt, or that have any of his effects are not to pay or deliver the same but to Charles Edward Pooley, The Official Assignee, whom the said Commissioner has appointed.

W. S. SEBRIGHT GREEN,
Solicitor for Bankrupt.

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are more easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregularity action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only; it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes	Fistulas,	Scurvy,
and Sand-flies,	Gout,	Sore-heads,
Coco-bays,	Glandular Swel-	Tumors,
Chiego-foot,	lings,	Ulcers,
Corns (soft),	Lumbago,	Wounds,
Cancers,	Piles,	Yaws.
Chilblains,	Rheumatism,	

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s., each Pot.

☞ There is a considerable saving by taking the larger sizes.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Eides, a well-known merchant of Orford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Bennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Aherray & Co. manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Savin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Stickler, Esq., the able editor of the Westhannock Democrat, Pennsylvania.

"One only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Lieu, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than his, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

MOORE & Co., Agents, Victoria, V. I. Sold by H. W. SMITH and Dr. JONES, New Westminster, and by every dealer in the Colony.

ADVICE GRATIS!

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentary, diarrhœa, constipation, liver complaints, &c., as fact attested by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exhilirating influence of this medicine

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the regions of the liver, on the right side under the ribs, and you will at-once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this direful disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise; and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in unison, will cure any complaints arising from these organs.

Puffy,—Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly for some little time; take plenty of fresh air with moderate exercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels: a few doses of these famous Pills will immediately have the desired effect, particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregulari-	Scrofula, or King's
Asthma,	ties,	Evil,
Bilious Com-	Fevers of all	Sore Throats,
plaints,	kinds,	Stone and Gravel,
Blotches on the	Fits,	Secondary Symp-
Skin,	Gout,	toms,
Bowel Com-	Head-ache,	Tic Douloureaux,
plaints,	Indigestion,	Tumours,
Colics,	Inflammation,	Ulcers,
Constipation of	Jaundice,	Venereal Affec-
the Bowels,	Liver Complaints,	tions,
Consumption,	Lumbago,	Worms of all kinds,
Debility,	Piles,	Weakness from
Dropsy,	Rheumatism,	whatever cause,
Dysentery,	Retention of Urine,	&c., &c.
Erysipelas,		

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s. 22s., and 33s., each Box.

☞ There is a considerable saving by taking the large sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.
